Quick and Convenient Access to Critical Truck Performance Data

PN 188080

The new NEXIQ Pocket Heavy Duty handheld scan tool provides immediate access to critical diagnostic information. Pocket HD comes loaded with both Heavy Duty Standard (HDS) and Light and Medium Truck 2016 (LMT), ability to run special tests not included.

This tool is both versatile and reliable. With a larger display and easy-to-use, user-friendly features, the Pocket HD puts essential diagnostic information at your fingertips. Whether you are responsible for maintaining a large fleet or just a truck or two, this handy tool makes gathering the diagnostic information you need easy. And to make your Pocket HD even more powerful, you can add additional software applications, including HD/LMT DPF Regen and ABS Software Suite (includes Bendix®, Meritor WABCO®, and Trailer ABS suites).

Note: The HD/LMT DPF Regen application and the ABS Software Suite are not included with the Pocket HD.

Software

- Light and Medium Truck 2016
Note: Does not include special tests
- Heavy Duty Standard and OBD II Suite
 - Supports J1708 and J1939 communication
